

DISCOVER

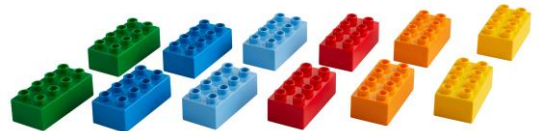

Family Engagement Activity – Session 1

- Play a game acting out hobbies!
- Each person picks a hobby or interest. Take turns using your Six Bricks or other materials to act out a scene showing their hobby or interest. Everyone guesses until someone gets it right. Ask questions after you guess like “why do you like this hobby?” or “why did you chose that interest?” Make sure everyone gets a turn.
- On your Activity Log, write down what hobbies or interests your family chose.

During this activity, your family might say or think...

It's good to work together!
