

Awards List

Use the reviewing sheet to help with the allocation of awards. Each team should receive one award. The same award can be given to several teams. Reviewers can help nominate teams for awards after the reviewing session and building challenge.

Incredible Innovators

For the team with **big ideas** and **creative thinking**! These innovators found fun, clever, and unexpected ways to solve their building challenge.

Cooperative Creators

For the team that showed **super teamwork**! These creators listened to one another, shared ideas, and worked together to make something amazing.

Excellent Explainers

For the team that was **great at sharing** their thinking! These explainers did a fantastic job telling others about their poster, their team model, and how they worked on the building challenge.

Brilliant Builders

For the team that showed **amazing building skills**! These builders used LEGO® bricks in clever ways to create a creative, and challenge-ready solution.

Enthusiastic Engineers

For the team that brought **energy, curiosity, and excitement** to the challenge! These engineers kept trying, testing, and improving as they worked toward a solution.

Custom Award

Teams can be recognized for their work in other ways by creating awards outside of this list. Head reviewers and other volunteers can contribute award names for consideration.
